WELCOME TO STAFFORDVILLE SCHOOL LIBRARY

Our Library is filled with many fun to read children’s books for all reading levels. Each child has a chance to enjoy taking a library book home once a week and to sit and have it read to them by Mom and/or Dad or read it to them!

We have a variety of children’s authors such as; Jan Brett, Mercer Mayer, Eric Carle and of course Dr. Seuss. We have many toddler books for Pre-K children. These were donated to our library by students who have outgrown them. We are always looking for books no longer being read at home!

Our computer lab has 20 computers for the children to use and we also have a SMARTboard in the lab for teachers to use for instruction. How wonderful it is to have such technology in our school.
